REPORT OF INDEPENDENT AUDITORS

To the Board of Governors The United States Pony Clubs, Inc. Lexington, Kentucky

We have audited the accompanying financial statements of The United States Pony Clubs, Inc., (USPC), which comprise the statements of financial position as of December 31, 2017 and 2016, and the related statements of activities and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform our audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

<u>Opinion</u>

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of USPC, as of December 31, 2017 and 2016, and its changes in net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of The United States Pony Clubs, Inc., (USPC) is presented to assist in understanding the USPC's financial statements. The financial statements and notes are representations of the USPC's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Nature of Activities

The USPC is a non-profit organization incorporated under the laws of the Commonwealth of Kentucky. The USPC develops character, leadership, confidence, and a sense of community in youth through a program that teaches the care of horses and ponies, riding, and mounted sports.

Basis of Accounting

The financial statements of the USPC have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could vary from the estimates that were used.

Financial Statement Presentation

USPC's resources are classified for accounting and internal reporting purposes into funds established according to their nature and purposes. Separate accounts are maintained for each fund. The combined assets, liabilities, and net assets, after elimination of material interfund balances, transactions and transfers, are presented in the aggregate for purposes of these financial statements. Accordingly, net assets and changes therein are classified as follows:

- Unrestricted-undesignated net assets net assets that are not subject to donor-imposed stipulations or USPC's designation, and used for various program expenses and general operating functions.
- Unrestricted-designated net assets net assets subject to USPC's board designations.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

- *Temporarily restricted net assets* net assets subject to donor-imposed stipulations that may or will be met either by actions of USPC and/or the passage of time.
- *Permanently restricted net assets* net assets subject to donor-imposed stipulations that they must be maintained permanently by USPC.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets occur when the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed and are reported as net assets released from restrictions between the applicable classes of net assets.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statements of activities and changes in net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefitted. Although the methods of allocation are appropriate, other methods could produce different results.

Cash and Cash Equivalents

The USPC classifies as cash and cash equivalents all checking, savings, money market accounts, money market funds, and all highly liquid investments maturing within 90 days of purchase.

<u>Investments</u>

Investments are stated at fair market value. Income derived from realized and unrealized investment gains and losses is included in the change in net assets and are reported as increases or decreases in unrestricted net assets unless otherwise restricted by explicit donor stipulation or by law.

Accounts Receivable

Accounts receivable are carried at their estimated collectible amounts. Trade credit is generally extended on a short-term basis; thus trade receivables do not bear interest.

USPC's management analyzes the allowance for doubtful accounts annually. If the allowance is considered inadequate, the allowance and bad debt expense are increased when that determination is made. USPC deemed all accounts to be fully collectible at December 31, 2017 and 2016; therefore, no allowance for doubtful accounts is necessary.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

Inventory

Inventory is stated at the lower of cost or market, using the average cost method which approximates actual costs.

Prepaid Expenses

Prepaid expenses consist of costs paid relating to the following financial year for items such as insurance premiums.

Property and Equipment

Property is stated at cost, if purchased, and at fair market value on the date of gift, if donated. Property with an individual cost of \$1,000 or more is capitalized. Depreciation is calculated using the straight-line method over the assets' estimated useful life, ranging from three to thirty-nine years. Depreciation expense was \$145,878 and \$137,597 for 2017 and 2016, respectively.

Cash Value of Life Insurance

USPC is the owner of permanent life insurance policies that cover the lives of certain former key employees. These permanent life insurance policies have a cash surrender value. That cash value is carried on the balance sheet at the surrender value reported to USPC by the insurance carrier.

Deferred Income

Deferred income, consisting of membership dues, insurance, sustaining memberships, annual meeting, administrative fees, and other income, represents revenues collected in advance of the period or the event to which it relates.

Revenue Recognition

Membership dues and insurance are recognized as revenue in the applicable membership period. Initiation and club registration fees are recorded as revenue in the period when the applying club is approved. Championships and event fees are recorded as revenue in the period in which the event occurs.

All other revenues are recognized when earned.

<u>Grants</u>

Grants are recognized as revenue in the period when the award is made by the grantor and are recorded as unrestricted or temporarily restricted support based on the existence and nature of any grantor restrictions.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

In-Kind Contributions

USPC may receive material without payment or compensation for the championships. Materials and other noncash donations are recorded at estimated fair value determined at the date of donation.

During 2017 and 2016, USPC received donated services. Volunteers plan, organize, and administer certain committees, activities, and the annual event. Because these services do not require specialized skills, they are not recorded in the financial statements.

Reclassifications

Certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

Recently Issued Accounting Standards

On May 28, 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The core principle of this new guidance is that "an entity should recognize revenue to depict the transfer of promised goods or services to customer in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services". On August 12, 2015, the FASB further amended this guidance and issued ASU 2015-14, *Revenue from Contracts with Customers (Topic 606)*, which deferred the effective date for all entities by one year. These new standards, which the USPC is not required to adopt until its year ending December 31, 2019, deal with the timing of reporting revenues from contracts with customers, and disclosures related thereto.

On February 25, 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*. This new standard, which the Company is not required to adopt until its year ending December 31, 2020, is intended to improve financial reporting about leasing transactions by requiring entities that lease assets to recognize on their balance sheet the assets and liabilities for the rights and obligations created by those leases, and to provide additional disclosures regarding the leases. Leases with terms (as defined in the ASU) of twelve months or less are not required to be reflected on an entity's balance sheet.

On August 18, 2016, the FASB issued ASU No. 2016-14 *Presentation of Financial Statements of Notfor-Profit Entities (Topic 958)* that amends how a not-for-profit organization classifies its net assets, as well as the information it presents in financial statements and notes about its liquidity, financial performance, and cash flows. This new standard, which USPC is not required to adopt until its year ending December 31, 2018, requires improved presentation and disclosures to help not-for-profits provide more relevant information about their resources (and the changes in those resources) to donors, grantors, creditors, and other users. This ASU completes the first phase of a two phase project to amend not-for-profit financial reporting requirements.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

USPC is presently evaluating the effects that these ASUs will have on its future financial statements, including disclosures.

Subsequent Events

USPC has evaluated events or transactions occurring subsequent to the statement of financial position date for recognition and disclosure in the accompanying financial statements through May 18, 2018, the date which the financial statements were available to be issued.

2. CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject USPC to concentrations of credit risk consist principally of cash deposits and investments.

USPC has a concentration of credit risk in that it periodically maintains cash deposits in a single financial institution in excess of amounts insured by the Federal Deposit Insurance Corporation (FDIC). USPC has not experienced any losses on such accounts and does not believe that it is subject to significant credit risk related to the accounts.

3. PROPERTY AND EQUIPMENT, NET

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that USPC has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

• Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- *Equity securities*: Valued at the closing price reported on the active market on which the individual securities are traded.
- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by USPC are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by USPC are deemed to be actively traded.

USPC's policy is to recognize transfers between levels as of the end of the reporting period. There were no significant transfers between levels 1 and 2 during 2017 and 2016.

All of USPC's investments are in fixed income or securities of public companies that are measured using quoted prices in active markets. The following table presents the fair values of those investments at December 31, 2017:

| | Level 1 | Level 2 | Level 3 | Total |

Equipment Fund – represents a board designated reserve for capital purchases and leasehold improvements. This fund is financed by transfers from the operating fund.

8. ENDOWMENTS

USPC has 11 endowment funds that represent a board designated reserve for the purpose of providing program excellence. Specific revenue sources are allocated to the fund by the Board in addition to investment income. In 2017 and 2016, the USPC also received permanently restricted gifts in the amount of \$10,000 each year. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2017 AND 2016

USPC has adopted a spending policy of contributing to operating expenses a maximum of 5% of the endowment fund's principal as calculated over the last rolling 12 quarters. The percentage may be amended by the Board of Governors. This is consistent with USPC's objective to maximize investment income of the endowment fund as well as to provide additional real growth through investment return.

To achieve that objective, USPC has adopted an investment policy that attempts to maximize total return consistent with an acceptable level of risk. The endowment fund assets are invested in a balanced mix of fixed income mutual funds, institutional money managers, or through direct ownership of individual securities that is intended to provide cash at a minimum of:

- (1) One month reserve readily available
- (2) Three months reserve available within seven days notice
- (3) Remainder available within three months and invested in freely negotiable, low-risk, high credit quality marketable securities

Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed to not expose the endowment fund to unacceptable levels of risk.

Composition of and changes in the designated net assets and permanently restricted net assets for the year ended December 31, 2017 were as follows:
